

Stafford County GOP

School Board and Board of Supervisors Meeting Highlights

School Board Meeting

- **IMPORTANT:** The School Board handles their meetings differently than the BOS. The School Board will discuss all agenda items in their Governance Meetings, then have a legal review conducted. If the agenda item passes legal review, it will be added as a “Consent Item” to the School Board Meeting.
- The School Board will then vote on all the “Consent Items” together as a group in the School Board meeting. If you want to discuss a Consent Item during the meeting, residents must contact the Superintendent prior to the meeting to have the item pulled from the Consent Item Agenda. Otherwise no discussion will be had.
 - **Agenda items and supporting documents are uploaded the Friday before the meeting. If you are interested in making an impact in the discussion, you have to be prepared, review docs, and reach out!**
 - **Reach out to your Chair for open Citizen Advisory Committee positions; two per district.**

NEXT MEETING 8.11.26
